NAMES

- Adam E:** HSV2 and cervical cancer: Is the relationship proven? 145, Apr, oa
- Agha FP:** Pregnancy effects on sarcoidosis vary. 255, Jun, c
- Alexander NJ:** New test of sperm function: in vitro CPM. 203, Feb, oa
- Anday EK:** Prenatal steroids not the only cause of leukocytosis. 254, Jun, c
- Anderson GD:** Clues from blood volume changes in hypertensive pregnancies. 241, Jun, oa
- Archer DF:** When and how should you use bromocriptine? 97, Mar, s
- Arenson S:** Role for social workers in perinatal death? 19, Mar, et
- Ballon SC:** Diagnosing vulvar pigmented lesions. 244, May, s
- Predicting tumor response to drugs with the clonogenic assay.** 133, Feb, s
- Berber HRRK:** How Medicaid has changed medical practice. 77, Feb, c
- Barron WM:** Renal function during pregnancy. 179, May, oa
- Bates GW:** When and how should you use bromocriptine? 97, Mar, s
- Beal JM:** How to diagnose the acute abdomen. 13, GS83, oa
- Beerman DL:** Better care for adolescents. 161, Mar, c
- Beck WW Jr:** Improving methods of artificial insemination. 149, Jun, s
- Using adjuncts in infertility surgery.** 81, Apr, s
- Berek JS:** Ovarian Ca—improving survival with cytoreductive surgery. 229, Jun, oa
- Berkowitz RL:** Discrepancy in growth of twins. 39, Jun, uc
- Managing hypertension.** 20, May, pr
- Managing premature rupture of membranes.** 228, Jan, s
- Ultrasound growth profile.** 31, May, uc
- Blasco L:** Improving methods of artificial insemination. 149, Jun, s
- Bongiovanni AM:** Solving the problems of precocious puberty. 35, Apr, oa
- When girls have delayed puberty. 193, Mar, oa
- Brady RO:** Lasker awards given for hereditary disease discoveries. 63, Feb, c
- Bresette JF:** Strategy for repairing vesicovaginal fistulas. 68, GS83, oa
- Brown D:** Breast-feeding and mastitis. 18, Apr, et
- Canter H:** COPD: Helping pink puffers and blue bloaters. 72, GM83, oa
- Cates W Jr:** Better care for adolescents. 173, Mar, c
- Clinical trials and surgery: compatible bed-fellows?** 213, May, oa
- How to spot a well-controlled study.** 192, Jun, oa
- Caudle MR:** RH disease: why it's still a clinical problem. 177, Jun, oa
- Cavanagh D:** Differential diagnosis of pelvic pain. 69, Jan, oa
- Chatterjee MS:** Paternal age and Down's syndrome. 171, May, oa
- Chez RA:** Is anesthesia necessary during culdocentesis? Reply. 16, Mar, et
- IV oxytocin infusion for inducing labor.** 71, Mar, cd
- Role for social workers in perinatal death? Moderator's reply.** 19, Mar, et
- Therapy for the incompetent cervix.** 19, May, pr
- Chihai HJ:** Better care for adolescents. 157, Mar, c
- Clarke DD:** Meaningful markers for hepatitis Dx and Px. 31, GM83, oa
- Clarke-Pearson DL:** Abnormal cervical cytology: spotting it, treating it. 53, Jun, et
- Cohen H:** Is it Crohn's disease or ulcerative colitis? 53, GM83, oa
- Couston DR:** Some questions on managing diabetic pregnancy. Author's reply. 13, Mar, et
- Cressman WT:** Abnormal cervical cytology: spotting it, treating it. 53, Jun, oa
- Croci JM:** More thoughts on perinatal death. 23, Mar, et
- Croci SM:** More thoughts on perinatal death. 23, Mar, et
- Crum CP:** Concept of viral oncogenesis. 149, Apr, oa
- Condyloma virus: how it affects the genital tract. 221, May, ppc
- Outpatient approaches to the abnormal Papanicolaou smear. 11, Jan, oa
- Dameron GW Jr:** Helping couples cope with sexual changes pregnancy brings. 23, Feb, oa
- Danis RP:** Fetal alcohol syndrome: incurable but preventable. 57, Mar, oa
- Darney PD:** Better care for adolescents. 168, Mar, c
- What's the status of laminaria and other cervical dilators?** 209, Jun, oa
- Datta S:** Avoiding anesthetic complications in cesarean deliveries. 151, May, oa
- Davidson EC:** Better care for adolescents. 173, Mar, c
- Davis JM:** Better care for adolescents. 162, Mar, c
- DeVore GR:** Detecting fetal malformations. 203, Jan, oa
- Dicicco BS:** COPD: Helping pink puffers and blue bloaters. 72, GM83, oa
- DiSaia PJ:** Better way to manage CIS. 127, Feb, oa
- When extrapelvic malignant disease strikes pregnant women.** 109, May, oa
- Donovan P:** Better care for adolescents. 174, Mar, c
- Dreesman GR:** HSV2 and cervical cancer: Is the relationship proven? 145, Apr, oa
- Drumm DA:** Interpreting ketosis warnings in pregnancy. 91, Jun, oa
- Dudrick SJ:** Central venous lines: inserting them safely and minimizing complications. 95, GS83, oa
- Eddy CA:** How the tubes function. 121, Apr, oa
- Elias AN:** The male climacteric—when, how, and why. 287, May, oa
- Elliott JP:** Maternal helicopter transport in a metropolitan area. 74, May, oa
- Emans SJ:** Better care for adolescents. 150, Mar, c
- Emery C:** Role for social workers in perinatal death? 19, Mar, et
- Fabro S:** Treating nausea and vomiting in pregnancy. 24, Apr, pr
- Farb B:** New way to relieve pressure on perinatal centers. 57, May, oa
- Fingelos MN:** Three steps to control of adult-onset diabetes. 123, GM83, oa
- Feller WF:** Evaluating a solitary breast lump. 107, GS83, oa
- Fisher JC:** CO₂ lasers for gynecologic surgery: How safe are they? 39, May, oa
- Fisher M:** Evaluating the patient with cerebrovascular disease. 18, GM83, oa
- Fitzgerald PA:** Spectrum of autoimmune thyroid disease. 140, GM83, oa
- Foster HW:** Medicaid has changed medical practice. 77, Feb, c
- Freeman RK:** Cord knot may cause atypical pattern. 27, Apr, efm
- Increased variability warrants assessment.** 27, Jun, efm
- Intermittent complete heart block unusual.** 15, Feb, efm
- IV oxytocin infusion for inducing labor.** 71, Mar, cd
- Pelvic exam needed to rule out cord prolapse.** 27, Apr, efm
- Persistent late decelerations ominous.** 15, Feb, efm
- Scalp sampling for apparent sinusoid pattern.** 27, Jun, efm
- Some questions on EFM today. Author's reply.** 15, May, et
- Friberg J:** Mycoplasmas and ureaplasmas in reproductive failure. 271, May, oa
- Fribourg S:** Preventive medicine: How much can it do? 20, Jun, et
- Friedman EA:** Whither midforceps? Its place in ob today. 85, Feb, oa
- Friedrich E:** Diagnosing vulvar pigmented lesions. 244, May, s
- Garcia C-R:** Improving methods of artificial insemination. 149, Jun, s
- Garite TJ:** Cord knot may cause atypical pattern. 27, Apr, efm
- Increased variability warrants assessment.** 27, Jun, efm
- Intermittent complete heart block unusual.** 15, Feb, efm
- Managing premature rupture of membranes.** 228, Jan, s

HYPERPLASIA

Solving the problems of precocious puberty. 41, 45, Apr, oa

HYPERTENSION

Clues from blood volume changes in hypertensive pregnancies. 241, Jun, oa

Estrogen therapy at menopause. 31, Jan, oa

HYPERTENSION, PREGNANCY-INDUCED

Clues from blood volume changes in hypertensive pregnancies. 244, 247, Jun, oa

Managing hypertension. 20, 22, 24, May, pr

HYPERVENTILATION

When your patient has syncope. 21, Apr, pr

HYPOCALCEMIA

Heading off problems in the IUGR neonate. 180, 181, Apr, oa

HYPOGLYCEMIA

Heading off problems in the IUGR neonate. 178, 179, Apr, oa

New options for the pregnant diabetic. 88, 91, 94, Mar, oa

To maintain perinatal glucose/insulin homeostasis. 115, 120, Jun, oa

HYPOGONADISM

Male climacteric—when, how, why. 293, May, oa

To maintain perinatal glucose/insulin homeostasis. 118, Jun, oa

HYPONATREMIA

To maintain perinatal glucose/insulin homeostasis. 118, Jun, oa

HYOSPADIAS

Improving methods of artificial insemination. 149, 150, Jun, s

HYPOTHYROIDISM

Solving the problems of precocious puberty. 44, Apr, oa

When girls have delayed puberty. 198, Mar, oa

HYSTERECTOMY

Abnormal cervical cytology: spotting it, treating it. 70, 74, Jun, oa

Nine-year pattern of hysterectomy. 298, May, nl

Surgical alternatives for ectopics: Is conservative treatment best? 92, Jan, oa

Surgical infection: what antibiotics can do. 130, 131, GS83, oa

Ways to help your patient overcome anorgasmia. 72, Apr, oa

HYSTEOSALPINGOGRAPHY

Avoiding the pitfalls of infertility management. 128, 131, Jan, oa

Hysterosalpingography to diagnose uterine and tubal anomalies. 37, Mar, oa

Solving the riddle of unexplained infertility. 143, Jan, oa

IMMUNE SYSTEM

Women develop immunodeficiency after AIDS contact. 251, Jun, nl

IMMUNIZATION

CDC pushes need for hospital programs to control rubella. 209, Mar, nl

Rh disease: why it's still a clinical problem. 178, 179, Jun, oa

Update on immunization of pregnant women. 256, Jun, nl

IMMUNOGLOBULINS

Update on immunization of pregnant women. 256, Jun, nl

IMMUNOTHERAPY

Allergy and immunology: new discoveries, new treatments, better results. 91, GM83, oa

Care of the asthmatic during pregnancy. 162, 164, Apr, oa

When the pregnant patient has rhinitis. 118, 120, 123, Feb, oa

IMPOTENCE

Male climacteric—when, how, and why. 287, May, oa

When and how should you use bromocriptine? 133, 134, Mar, s

INFANT MORTALITY

New way to relieve pressure on perinatal centers. 57, 58, 61, May, oa

INFANT, NEWBORN

Heading off problems in the IUGR neonate. 177, Apr, oa

Ways to head off RDS in diabetics' neonates. 127, Jun, oa

INFANT, PREMATURE

New way to relieve pressure on perinatal centers. 57, May, oa

INFANTS, SMALL-FOR-GESTATIONAL AGE

Predicting how full-term SGA newborns develop. 297, May, nl

INFECTION

Rational approach to prescribing the cephalosporins. 133, GM83, oa

When and how to do tracheostomy. 85, GS83, oa

Women develop immunodeficiency after AIDS contact. 251, Jun, nl

INFECTION, POSTOPERATIVE

Surgical infection: what antibiotics can do. 129, 130, GS83, oa

Using adjuvants in infertility surgery. 102, Apr, s

INFORMED CONSENT

Managing premature rupture of membranes. 231, Jan, s

INFUSIONS, PARENTERAL

IV oxytocin infusion for inducing labor. 71, Mar, cd

To maintain perinatal glucose/insulin homeostasis. 113, 114, 115, Jun, oa

INOSITOL

Ways to head off RDS in diabetics' neonates. 130, Jun, oa

INSEMINATION, ARTIFICIAL

Avoiding the pitfalls of infertility management. 128, Jan, oa

Improving methods of artificial insemination. 149, Jun, s

INSULIN

Advantages found in insulin pump therapy. 297, May, nl

Interpreting ketosis warnings in pregnancy. 98, 106, 108, Jun, oa

People on the pump in Canada. 298, May, nl

Some questions on managing diabetic pregnancy. 13, Mar, et

Some questions on managing diabetic pregnancy. Author's reply. 13, Mar, et

Three steps to control of adult-onset diabetes. 127, 130, GM83, oa

To maintain perinatal glucose/insulin homeostasis. 113, Jun, oa

Ways to head off RDS in diabetics' neonates. 130, 133, Jun, oa

INSULIN INFUSION SYSTEMS

Advantages found in insulin pump therapy. 297, May, nl

People on the pump in Canada. 298, May, nl

INSULIN RESISTANCE

Some questions on managing diabetic pregnancy. 13, Mar, et

Three steps to control of adult-onset diabetes. 123, GM83, oa

INSURANCE, HEALTH, REIMBURSEMENT

How Medicaid has changed medical practice. 77, Feb, oa

Intensive care units, neonatal

New way to relieve pressure perinatal centers. 57, May, oa

INTERNAL MEDICINE

General medicine: triage or treat? 11, GM83, ed

INTESTINAL OBSTRUCTION

Detecting fetal malformations. 206, 208, Jan, oa

How to diagnose the acute abdomen. 22, 29, GS83, oa

Ovarian Ca—improving survival with cytoreductive surgery. 236, 237, Jun, oa

IN VITRO FERTILIZATION (see FERTILIZATION, IN VITRO)

IRRIGATION

Caring for the injured pregnant patient. 37, 38, GS83, oa

Using adjuvants in infertility surgery. 102, Apr, s

JAUNDICE, NEONATAL

Phototherapy benefits for mild jaundice are questioned. 215, Feb, nl

JUDAISM

Helping the infertile orthodox Jewish couple. 137, Mar, oa

KALLIKREIN

Improving methods of artificial insemination. 167, Jun, s

KARYOTYPING

Premature ovarian failure: a multifactorial disorder. 178, Feb, oa

KELOID

Using adjuvants in infertility surgery. 83, Apr, s

KETONES

Interpreting ketosis warnings in pregnancy. 91, 92, 100, 106, 108, Jun, oa

KETONURIA

Interpreting ketosis warnings in pregnancy. 98, 99, 100, 106, 108, Jun, oa

KIDNEY

Heading off problems in the IUGR neonate. 180, Apr, oa

Renal function during pregnancy. 179, May, oa

KIDNEY CALCULI

Differential diagnosis of pelvic pain. 82, Jan, oa

KIDNEY FAILURE

When and how should you use bromocriptine? 133, 134, Mar, s

KIDNEY TUBULES

Renal function during pregnancy. 183, 184, 186, May, oa

KLINEFELTER'S SYNDROME

Male climacteric—when, how, and why. 293, May, oa

LABOR (see also DELIVERY)

Can your repeat-section patient deliver vaginally? 102, 103, Feb, oa

Cord knot may cause atypical pattern. 27, Apr, efm

Increased variability warrants assessment. 27, Jun, efm

Making inroads against the C-section rate. 222, 223, Jan, oa

Prescribing antibiotics for pregnant patients. 60, Feb, oa

Scalp sampling for apparent sinusoid pattern. 27, Jun, efm

Sesquicentennial of the Boston Lying-In-Hospital—150 trailblazing years. 201, May, oa

Some questions on EFM today. 15, May, et

Some questions on EFM today, Author's reply. 15, May, et

LABOR, INDUCED

IV oxytocin infusion for inducing labor. 71, Mar, cd

Managing premature rupture of membranes. 232, 233, Jan, s

LABOR, PREMATURE

Fetal betamethasone exposure produces no aftereffects. 230, Feb, nl

Progress in managing prematurity and diabetic pregnancy. 215, Feb, nl

Therapy for the incompetent cervix. 19, May, pr

LABOR PRESENTATION

Breech presentation as a risk indicator. 231, Apr, nl

Can your repeat-section patient deliver vaginally? 102, Feb, oa

Discrepancy in growth of twins. 40, Jun, cd

Making inroads against the C-section rate. 224, Jan, oa

Strategy for choosing the best delivery route for the breech baby. 201, Apr, oa

Whither midforceps? Its place in ob today.
85, Feb, oa

LABORATORY TESTING

Avoiding the pitfalls of infertility management. 127, Jan, oa

Detecting and treating UTI. 34, Mar, pr
How to diagnose the acute abdomen. 14, GS83, oa

Male climacteric—when, how, and why.
292, May, oa

New test of sperm function: in vitro CMP.
203, Feb, oa

Predicting tumor response to drugs with the clonogenic assay. 133, Feb, s

Prepping your patients for pregnancy. 11, Mar, ed

Solving the riddle of unexplained infertility.
142, Jan, oa

Some questions on managing diabetic pregnancy. Author's reply. 13, Mar, et

When girls have delayed puberty. 193, Mar, oa

When the pregnant patient has rhinitis. 108, Feb, oa

LACTATION

When and how should you use bromocriptine? 104, 105, Mar, s

LACTATION DISORDERS

Solving the problems of precocious puberty. 44, Apr, oa

When and how should you use bromocriptine? 122, 126, 129, Mar, s

LAPAROSCOPY

Avoiding the pitfalls of infertility management. 141, Jan, oa

Improving methods of artificial insemination. 163, Jun, s

Solving the riddle of unexplained infertility.
143, 144, 154, Jan, oa

Surgical alternatives for ectopics: Is conservative treatment best? 91, Jan, oa

Using adjuvants in infertility surgery. 96, Apr, s

LAPAROTOMY

Can your repeat-section patients deliver vaginally? 103, 104, Feb, oa

Ovarian Ca—improving survival with cytoreductive surgery. 236, Jun, oa

LASER COAGULATION

CO₂ lasers for gynecologic surgery: How safe are they? 49, 52, May, oa

LASERS

Abnormal cervical cytology: spotting it, treating it. 69, 70, Jun, oa

CO₂ lasers for gynecologic surgery: How safe are they? 39, May, oa

Outpatient approaches to the abnormal Papanicolaou smear. 20, 22, Jan, oa

LECITHIN

Ways to head off RDS in diabetics' neonates. 127, 128, Jun, oa

LEIOMYOMA

Differential diagnosis of pelvic pain. 84, Jan, oa

LENTIGO

Diagnosing vulvar pigmented lesions. 244, 245, 246, May, s

LEUKEMIA

When extrapelvic malignant disease strikes pregnant women. 120, 121, May, oa

LEUKOCYTOSIS

Prenatal steroids not the only cause of leukocytosis. 254, Jun, nl

LH

Avoiding the pitfalls of infertility management. 138, Jan, oa

Male climacteric—when, how, and why.
